- Fire Prevention Week 10-9/10-15
- LFD will be conducting Fire Prevention classes at lempster community school on 10-14
- LFD will be at Claremont's fire prevention parade on 10-14 at 18:30
- The Fire Chief is sitting in on CIP meetings for the Lempster Community School
- The Fire Chief will be conducting the State School inspection in November
- The Fire Chief and Building Inspector are working With Kimball's Garage to make sure codes are followed in Putting an Auto Repair Facility in at the Post Office Building. LFD would like to know if the Town and Planning board were aware of this.
- The Fire and Rescue is working with the Sherriff's office on an individual who is abusing the 911 system and being combative with responders. The address is flagged and responders are to stage for police.
- Valley is still working on Writing up an Estimate for Refurbishing Ladder1
- Permission to conduct a Raffle?
- Hunters Breakfast at LFD on 11-12-16
- The Fire Chief with Assistance from Barbara Richards is continuing to work on the AFG Grants

Dear Selectmen,

Our calls for EMS are at 75 calls; we are ahead of last year, at this time.

Two weeks ago we were offered to be a test group for the State rolls out for The New High Performance CPR.

This was a great class, put on by Chris Rousseau of Great Brook Academy. This was at no charge to the squad.

We also need to set up an EMT refresher for some of our EMT's. At this time, I am working on this.

David Loring

Rescue Captain
