

Highway Dept. Report
6-11-19

The transfer station is no longer recycling plastic as no market and cost too high. Paper turning more to separation, cardboard and paper, if needed. May need to get cover for other box (\$2,100.00)
Rodent problem had to completely strip and redo office.

Highway grader has been out grading and smoothing roads.
Changing some driveway culverts and completely failed pipes.
Repaired some shoulders, ditches, etc.

Have two prices on sand delivered, one at \$6.60 and one at \$6.75

Have not heard about crack sealing – no return calls yet.

2004 in Burlington for new body. New Mack scheduled to be here in September and Viking for month.
We might have by end of October.

Have, also, done a lot of equipment repair, new battery box on 416 and new step which had rotted out, new front spring on International will be installing rear soon. Servicing machines.
