

TOWN OF LEMPSTER
BOARD OF SELECTMEN
Approved Emergency Meeting Minutes
October 17, 2024

Board Present: Everett Thurber and Phil Tirrell

Administrative Assistant Robin Cantara

Everett called the meeting to order at 12:45 P.M.

Everett announced the purpose of the meeting was to address the safety issues of the Mountain Road Bridge.

The Board discussed the delay in the opening of the bridge for safety concerns due to lack of guardrails. Weed has jersey barriers that can be rented for \$36.00 per day. Weeds can deliver and set the barriers for a \$200.00 delivery fee plus \$200.00 per hour for their time. They are available to do this on Monday October 21, 2024 between Noon & 1:00 PM. Everett moves to accept the proposal until the guardrails can be installed, seconded by Phil; motion passes. Phil will contact Weeds.

The Selectmen will have Robin contact Daryl to request he be present at the bridge on Monday to remove the existing barricades and assist with the placement of the jersey barriers.

There being no further business, Phil moved to adjourn the emergency meeting at 2:01PM, seconded by Everett; motion to adjourn passes.

Respectfully submitted,

Robin Cantara
Administrative Assistant
